The SleepWeaver® Anew™ is especially designed for people who tend to breathe through their mouths. **Deemed a hybrid mask, SleepWeaver® Anew™ is reimbursed under HCPCS Code A7027.** The dual interface design securely seals around both the nose and the mouth, with no gaps and only soft cloth touching the skin.

Key Features

SleepWeaver Anew allows for a clear field of view! Patients can wear glasses, read, or watch TV comfortably while wearing Anew.

Bilateral exhalation holes on the lower segment of the mask ensure that any air flow is diverted away from the user or their bed partner.

The double swivel elbow makes it easy to route the tube over the head / headboard while sleeping.
